

Kalaisurya G

Front-End Developer (ReactJs | NextJs | NodeJs)

kalaimca685@gmail.com | +91 8778377119 | linkedin.com/in/kalaisurya | kalaiporfolio.vercel.app

SUMMARY

Full Stack Developer with **5 years** of experience in designing and developing scalable web applications using **React.js, Reactjs, Next.js, JavaScript, Node.js and MongoDB**. Expertise in building responsive user interfaces, RESTful APIs, and seamless frontend-backend integrations. Skilled in authentication, third-party API integrations, performance optimization, and application troubleshooting. Proven ability to deliver high-quality, business-driven solutions while collaborating effectively in Agile development environments

EDUCATION

Karpagam University

MCA (Master Of Computer Application)

2020

Coimbatore

WORK EXPERIENCE

Front End Developer (ReactJs | Lite) | Wipro | Bangalore, India

2025 - Present

- Developed and maintained responsive, high-performance web applications using **React.js, JavaScript (ES6+), HTML5, CSS3, Bootstrap, and Tailwind CSS**, building reusable components and integrating REST APIs to deliver seamless user experiences.
- Optimized application performance through **code splitting, lazy loading, and efficient state management**, while collaborating with UI/UX and backend teams to deliver scalable, cross-browser compatible, and maintainable solutions.

Front End Developer (ReactJs | NodeJs) | CDP360 Technologies | Chennai, India

2022-2025

- Developed and maintained scalable web applications using **React.js, Next.js, Node.js, Express.js, and MongoDB**, delivering responsive, high-performance, and user-friendly solutions aligned with business requirements.
- Integrated **RESTful APIs, OAuth authentication (Google, Facebook, LinkedIn), and payment gateways (Stripe, PayPal, Razorpay)** while optimizing application performance, building reusable components, and ensuring seamless user experiences.

Front End Developer (ReactJs) | Eternosoft | Chennai, India

2021-2022

- Developed and maintained responsive web applications using **React.js, JavaScript, HTML5, CSS3, and Bootstrap**, ensuring seamless user experiences across multiple devices and browsers.
- Built reusable React components, integrated REST APIs, optimized application performance, and collaborated with UI/UX and backend teams to deliver high-quality, user-friendly features.

SKILLS

- **Core Technologies:** React.js, React, ReactJs, Next.js, JavaScript (ES6+), TypeScript, HTML5, CSS3, Bootstrap, Tailwind CSS, SASS, Redux, Context API, Node.js, MongoDB, REST APIs, Axios, Responsive UI Design.
- **State Management:** React Hooks (useState, useEffect, useContext, useReducer), Redux, Redux Toolkit, Context API.
- **API Integration:** RESTful APIs, Axios, Fetch API, API Integration, Error Handling, Authentication (JWT, OAuth).
- **Libraries/Frameworks:** React.js, Next.js, Node.js, Express.js, Redux, React Router, Vite.
- **Version Control:** Git, GitHub, GitLab, Postman, VS Code, npm, Linux.
- **Development Practices:** Agile/Scrum, Debugging, Code Review, Performance Optimization, Cross-Browser Compatibility, Responsive Web Design, Reusable Component Development, UI/UX Implementation.

PROJECTS

Raptor (SCB Banking) | Wipro | Bangalore

React.is, Lite, Context Apl, Redux, HTML, CSS, Javascript, REST APIs

- Developed secure and responsive banking interfaces using React.js, implementing reusable components and efficient state management with Redux and Context API.
- Integrated REST APIs to enable real-time transaction processing, account management, and seamless data flow across banking modules.
- Enhanced user experience through optimized performance, intuitive navigation, and responsive design while ensuring reliability and scalability.

Womeyn E-Commerce | Womeyn | Australia

ReactJs, Next.js, NodeJs, Redux, BootStrap, Sass, HTML, CSS, Javascript, MERN

- Built a scalable e-commerce platform using **React.js** and **Next.js**, delivering responsive and user-friendly shopping experiences.
- Integrated payment workflows, product management features, and REST APIs to support seamless browsing, purchasing, and order tracking.
- Improved application performance through reusable components, state management, and frontend optimization techniques.

CDP360 LMS | CDP360 Technologies | Chennai

ReactJs, NodeJs, Redux, Bootstrap, ContextApi, Sass, HTML, CSS, Javascript, MERN

- Developed and enhanced Learning Management System (LMS) features using **React.js** and **Node.js**, enabling efficient course and user management.
- Implemented reusable UI components, API integrations, and state management to improve platform usability and engagement.
- Optimized application performance and user experience through responsive design and streamlined learning workflows.
